

Puck - 60mm module

Colours

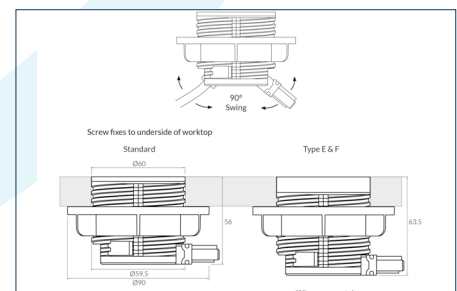

Puck outlets come in two designs, Rise (incorporating a small bevel), and Level (for a completely flush minimalist finish).

The units can be fitted with any mix of hardwired and/or GST power connections. In/out connection capability allows the daisy-chaining of multiple units.

Connectors can rotate through 90°, offering easy installation and low profile wiring for a wide array of applications.

Rise

Many configurations available, get in touch to discuss your requirements.

Puck utilises eLink connecting cables.
